There were many forms of resistance against Nazi evil during the Holocaust. The following are a few examples of forms of resistance:

- Writing as Resistance: Most underground resistance groups published illegal newspapers and bulletins to keep people informed and to keep up morale.
- Secret Political Organizations as Resistance: Secret resistance groups formed outside and inside of the concentration camps. They met to support each other, to strategize, and share information about the war.
- Telling The World as Resistance: There were many efforts in concentration camps that focused on informing the world about the brutality and cruelty of the Nazis and the systematic annihilation of Jews.
- Documenting as Resistance: The Nazis were famous for the efforts to hide the truth about what they were doing to the Jews. Another form of resistance had Jews gathering documentary evidence of what was happening around them. Groups in many ghettos established secret archives and wrote about their experiences.

Put a check mark in the box if the form of resistance matches the individual's story.
