ROLL RED ROLL is a true-crime thriller that goes behind the headlines to uncover the deep-seated and social media-fueled "boys will be boys" culture at the root of high school sexual assault in America. At a pre-season football party in small-town Steubenville, Ohio, a heinous crime took place. What transpired would garner national attention and result in the sentencing of two key offenders, but it was the disturbing social media evidence uncovered online by crime blogger Alex Goddard that provoked the most powerful questions about the case. The film unflinchingly asks: "why didn't anyone stop it?"

This special screening is offered free of charge.
